b. Food Service Reform
   i. Food service is the most complex operation, since involves earned revenue through reimbursements, daily purchasing of food, and the most integration with students and school operation serving breakfast, lunch, and snack everyday.
   ii. In the past MPTCS has experienced significant financial loss with food service, caused by several problems:
      1. Not all meals are being claimed for reimbursement, reducing income.
      2. More food is being ordered than required, resulting in waste and unnecessary expense.
      3. Lunch is not being served on half-day Fridays, which is lost income.
      4. Staffing is inefficient due to scheduling and facilities constraints.
   iii. For the remainder of the year, priority is being given to #1 and #2, and #3 and #4 will be addressed in the upcoming year.

c. The Newark Enrolls application period closed on February 15, with projected results as follows:
   i. Grades PK3, PK4, 8, 10, 11, and 12 will meet projections based on # first choice applications and openings
   ii. Grades K, 2, 3, 4, and 6 need 15 or less applicants who ranked MPTCS 2nd-8th, and are close to filling.
   iii. Grades 1, 5 & 7 still need 20+ who ranked MPTCS 2nd-8th, and are likely not to fill; we may cut a section.
   iv. Grade 9, we expect 74 MPTCS students to return plus 48 first choice applicants, for a total of 122. We project half (25) of second choice applicants will be matched to MPTCS, for a total of 147. The remaining need is 42 students out of remaining 357 applicants, about 12% of total, so we should be close to filling.
