Attention Parents:

PAPER FLYER DELIVERY HAS ENDED
Action Needed to Avoid Missing School-to-Home Communication

The Big News: Students’ backpacks are lighter and parents are learning about school and community events and activities directly via email and texts.

Info Request: Our school needs an email address and current cell phone number for each student’s custodial parent/guardian to send school information electronically. With an email address and cell phone number, parents will receive school-approved flyers through Peachjar, our service provider. You can also click the Peachjar button on the school website to find and view flyers.

Please support this effort by confidentially sharing your email address and cell phone number. Your information is secure and will only be used to send you school-approved communication.

Please fill out the information below and return it to school if you do not already have parent/guardian email addresses on file.

Student’s Name: ___________________________ Grade: ______________

Parents’ or Guardian’s Email Address(es) and cell phone number:

E-mail #1: ___________________________ for ___________________________

E-mail #2: ___________________________ for ___________________________

Cell Phone #1: ___________________________ for ___________________________

Cell Phone #2: ___________________________ for ___________________________

THANK YOU for supporting our efforts to save time, money, and lots of trees!
